<b>Information about the city and/or neighborhood</b>	Algeciras is a city in the province of Cádiz in Andalucía. It is situated in the Bay of Algeciras inside the Strait of Gibraltar. It has the marine port with the most freight transit in all of Spain. The population is 121,414 people. The economy is based on the proximity to Africa and the industries existing in the area. The most important part of the economy in Algeciras comes from the port. It is very close to the famous Costa del Sol and also to towns with lots of charm such as Tarifa.

The first settlement that there is evidence of in the city is from the roman city of Iulia Traducta, settled in the first century.
